

More Certifications. **More Value.**

At Honeywell, we know how important it is for you to help your customers optimize their security investments. That's why we offer Certification-Plus—a training program that ensures you have certified technicians when your customers need them.

NEW!

Exclusive to our Honeywell Integrated Security (HIS) authorized integrators, Certification-Plus lets you **train and certify as many technicians as needed on Honeywell product for a low annual fee.** Plus, they have the freedom to attend as many courses as desired in a year.

All-Inclusive Annual Investment

- Unlimited Certified Technicians
- Qualified Technicians Ready to Deploy
- 24/7 Access to Discover Online Training
- Unlimited Access to Courses
- Honeywell Product Certification

Make Certification-Plus **Work for You**

Customer Satisfaction

Gain the confidence of your customers because they'll know you've invested in certifying your technicians. No customer issue—big or small—will go unresolved.

Lower Operating Costs

Spend less money on service calls because your technicians become more efficient with deploying and maintaining systems. And your customers will experience faster resolution times.

Competitive Advantage

Stand out from the rest in a highly competitive marketplace. A trained and certified staff may give you the competitive-edge you're looking for on that next bid opportunity.

Stay Ahead with Certification-Plus.

You can't always predict the future. But you can anticipate that your customers will need the support of well-qualified technicians. Be prepared with Certification-Plus.

- **Unlimited Certified Technicians**

Train and certify as many technicians as needed. Additionally, if a technician leaves your company, you can name a replacement technician to be trained at no additional cost!

- **Qualified Technicians Ready to Deploy**

When you certify your technicians, you can rest assured that they've passed rigorous certification exams and have the skills required to install, deploy and maintain security equipment.

- **Discover Online Learning Management System**

Our self-guided training platform offers a vast curriculum of technical courses designed to increase knowledge about Honeywell products. Your technicians can learn in the office, at home or on the go.
